Subject: Approval of "Project Completion for Recycling Supplemental
Environmental Projects"

Dear Mr. Reising:

The United States Environmental Protection Agency (U.S. EPA) has reviewed the above-referenced Completion Report, dated April 1999, as part of its oversight activities for Operable Unit 3 at the Fernald Environmental Management Project.

U.S. EPA's review of the Completion Report focused on assessing the its technical adequacy and compliance with the requirements outlined in the *Draft Final Work Plan for Recycling Projects (December 1997)*. The Completion Report appears to be adequate, therefore, U.S. EPA approves it. Please contact me at (312) 886-4591 if you have any questions.

Sincerely,

Gene Jablonowski
